

CRAFT CLASSES

By Rosie

Welcome

The Cuddly Craft Workshop is bursting to the rim with Enthusiasm, and look forward to bringing the old fashion hobbies of the past to the present and future of Harlow's local community

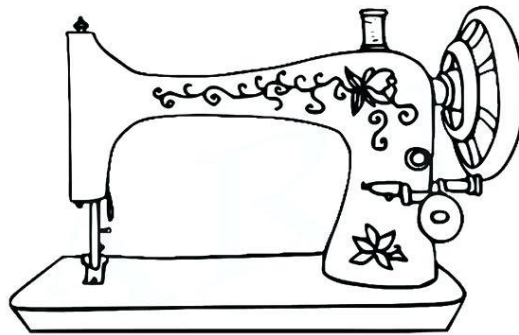

About Our Aim

Our aim is simple; we want to bring back all the lost life skills that have been missing for a generation. At the Cuddly Craft Workshop we will be offering some of the crafts that were once taught in schools, and taught by our grandparents who always passed their skills and expertise to their children and their children's children.

There has been a big surge in the re-kindling of these abandoned crafts, with the realisation that these should once again be taught in schools. We are beginning to realise that the world today is a very stressful place to be, and are now trying to find ways to relieve ourselves from this. Such ways as doing crafts helps us to relax, unwind and helps us to switch off.

These skills may well have been things done through necessity in the past, but maybe there is something that could be said for a simpler life...to enjoy the process of the journey, the finish product of what you are making is a bonus

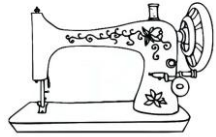

We offer a selection of classes. Beginners/refreshers for all ages.

Children (8-12) Teens (13-17) Adults.

Our talented team will make learning fun; we will guide you all the way.

We are looking forward to hearing from you. Please feel free to get in touch via our e-mail teach@cuddlybearwear.co.uk we will get back to you as soon as possible
